WELCOME

Dear revered Clergy, beloved members of Action Chapel International, esteemed guests and dear friends;

It is with immense joy and a heart full of gratitude that I extend a warm and heartfelt welcome to each one of you to our annual IMPACT Convention! We are gathered here today as one body, united in our love for Christ and our commitment to spreading His word and impacting lives.

As we gather in the spirit of fellowship and unity, we give thanks to the Almighty God for this year's Impact. I welcome our Speakers, Guests and I acknowledge the faithfulness of our Pastorate and members of ACI both home and abroad and the dedication of our volunteers.

This Convention is a time for us to be revived, reflect, and rededicate ourselves to the Lord's work. Through inspiring sessions, fervent prayers, we will draw closer to our Heavenly Father and to one another as we win souls for Christ our Lord and Savior.

To our guests, we are honoured to have you join us. May you feel the warmth of God's love and the Action Chapel family. To our members, let us extend love, kindness, and fellowship to all.

As we explore ***"Let there be a Performance"*** together, may our hearts be stirred, our faith strengthened, and our spirits renewed. May God bless our time together, and may we leave this Convention equipped to the glory of God.

Welcome, and may God bless us all!

Live long and Prosper

OVERVIEW, THEME, OBJECTIVE

“LET THERE BE A PERFORMANCE”

From the very dawn of Scripture, the divine intention of God has been unmistakably clear. From the book of Genesis to the revelation of Christ, we witness an eternal God who has always pursued the redemption of humanity. In Hebrews 1:1, the Word reminds us: “God, who at sundry times and in divers manners spoke in times past unto the fathers by the prophets, has in these last days spoken to us by His Son.” At the appointed time, God sent His Son — Heir of all things, the One through whom the worlds were made, to reconcile men back to Himself.

At the appointed time, God raised Archbishop Nicholas Duncan-Williams as a vessel to declare His Word with power and precision. Through decades

of unwavering obedience, he has birthed and sustained IMPACT; a global gathering designed to align God’s people with His prophetic agenda.

This year, under the theme “Let There Be a Performance,” we enter a season where God not only speaks but manifests. As Psalm 68:11 affirms, “The Lord gave the word; great was the company of those that published it.” We stand together as that company, ready to receive, to proclaim, and to witness the performance of every word God has appointed for this generation.

Welcome to a gathering of destiny.

Welcome to a convergence of faith, purpose, and divine performance.

Welcome to where divinity meets humanity.

Welcome to IMPACT 2025.

Testimonies

On the 30th of May, I left home early as usual for Dominion Hour. That morning, I had put rice on the fire and lowered the burner for the rice to simmer and sent one of my kids to turn it off for them to dish their meals.

Unknowingly, the fire was not turned off and the kids dished their meal and packed for school. We all hurriedly left the house to drop them at school and I rushed to Dominion Hour.

We arrived home around 5pm and when we opened the door, I could smell gas all over the corridor to the kitchen. I quickly rushed to the kitchen to check the problem, only to realise that the pan was still hot and the rice was burnt, but glory to God, the fire was off. I turned the burner off completely.

I initially thought the gas had ran out that was why the fire went off, so I thanked God. But I realised later that the gas had not ran out

I want to thank God for delivering my family and I from a domestic fire outbreak and for turning off the fire even though the burner was still on.

Thank you Jesus for this great deliverance. Amen

Glory!!! I got a contract with one of the top cruise line in 2022. I came down to Ghana the following year for my schengen visa, C1/D and my maritime course and I got everything that I needed for my contract. But they keep on changing my joining date.

One day a Pastor who prays with me advised me to come to Action chapel for the Dominion Hour service. His words to me "if you go to Action and your problem is not sliced then there's nothing that can be done about it". So I continued coming till in March 2024 during the service after Papa came to pray with us, he was done and we were taking our offering and I got an email "Your travel

itinerary". I was so happy and thanked God, I then relaxed, thinking I was done, two weeks to the date they gave me, was canceled again. Then I started serious prayers again and was attending all the service and my membership training.

In April 2024, during the Sunday service, "who will be travelling during the week" was called out, I joined them whilst my schengen visa had expired and I didn't have a joining date nor tickets.

In two weeks time, I got my joining date and my ticket from the company.

Thanks to the Almighty God. A big thanks to Papa and Rev. Perpetual Edusei for the deliverance she took me through, God bless you mummy.

I have come to testify to the God of this commission. It all started on the October 24, 2023 when my sister invited me to Action Chapel. We are both not members but she always comes for Thursday prayers. She said to me to come with my daughter and our passports. When we both got to the church, she said, sister, it is about time we joined our husbands, then i said Amen. My husband is in Canada, and her husband in the USA. After the prayers that Thursday, I met one of the ministers I told him to please pray for me to join my husband in Canada and he prayed with me and told me it's done. Since that day, my sister and myself were always in Action and we even attended Impart 2023.

Glory be to Jesus my daughter and I are now in Canada with my husband.

I'm praying for my sister to join her husband as well.

I thank God for a scholarship and sponsorship programme that have been approved for me here in USA which had hitherto been hanging since the beginning of this year. I always join Command Your Week with Papa and Sons and Dominion Hour, not forgetting Sundays (2nd Service) and One Million Strong. To God be the glory, I just had my affirmation and approval! God bless you, Papa and Sons, College of Bishops, and all the pastors of ACI.

Testimonies

Two years ago on the 9th of May 2022, I was involved in a gas fire accident in my kitchen with my first daughter. We were rushed to the korlebu emergency unit where my daughter left us. The impact was so great I lost every iota of strength. The doctors tried their best for me but they were doubting if I could make it. Prayers were lifted for me on all Papa's Altars I belong to. Consistently I was prayed for by Papa Himself, Action Bishops, Pastors and all who heard the news. Eventually by the grace of God I was discharged. The bills were huge and Papa came in to help clear my bills. I had to stay home for a long time to get my strength back. Eventually I recovered. Though I survived with a lot of scars, they are actually a sign of God's goodness in the past and a testament of His Faithfulness in the future.

I have come back to give all the glory to God for hearing and answering prayers offered on my behalf and for giving me a second chance.

God bless you Papa. May the Lord prolong your years for many generations. God bless all Bishops and Pastors of ACI who stood in the gap for me. God bless the Dominion Hour Family. Amen.

Thank you Papa, God bless you. My children have gone through a lot lately, no school, no good food etc, and the worst of all is no money to even worship my God at Action where I can feel the presence of God, nevertheless, last Thursday, before Dominion hour, we had only ₵30 left, and that was the only money on us, but my children and I agreed that we should come to Dominion hour with fasting.

After the service, I was believing God for help. After all the declarations from Papa, I said; Lord, something must happen, so I sat down and waited for Rev. Jonathan as he instructed. Then my 11 year old son screamed; mum it has happened, someone sent ₵700, after that, we got another ₵700, and the Friday morning a lady called and told me "you have something with me", I was expecting 200 cedis but instead she gave me ₵2000 and I was able to send my Thanksgiving offerings to Action online and my children and I ate good food from a restaurant once again.

I thank my Papa – my Daddy, my Rabbi, and the entire Bishops, Pastors, Ushers, church workers, that me too I can give proper offering for the work of God now.

Papa, my children & I love you so much. Greetings to the family of God.

To God be the Glory. In the first week of January 2021, I was hit by the pandemic and almost lost my life. Whilst doing all the recommended health remedies, it wasn't getting better with coughing and sneezing at short intervals till I could't bear the pains anymore, and prayed to God to intervene. I was asked to do an emergency MRI, after which the technologists warned me to see my Doctor immediately, since the results portrayed blistered and bloated lungs. I was consequently placed on medication for three and a half months. Due to the ailment, I joined the January 2021 Fasting and Prayers online and prayed with fervent declarations,

and continued even after the fast. In retrospect, these intensive prayers were propelled also by a demonic dream in which a relative of mine with bulky red eyes, was aggressively sprinkling spiky COVID viruses towards my room. It was obvious the entity was sent to take my life, but it did not happen. Hallelujah! Fast forward, I did a retesting after four months, and to the glory of God, the results were incredible!

Thanks be to God Almighty.
May He reward Archbishop Nicholas Duncan Williams, his Lieutenants, and interceding Christians of ACI. AMEN.

Testimonies

Glory be to God in the highest and God bless our father, His Eminence The Archbishop Nicholas Duncan Williams. Indeed He is the God that heals our infirmities (Exodus 15:26)

I have been suffering from a very severe stomach ache (peptic ulcer and gastric reflux disease) which was diagnosed over 15 years ago. It's been one medication to the other and never been relieved.

The pain is so severe that it wakes me up at night. I will wail, toss and turn till I'm given some medications even with that I wouldn't be completely relieved.

I can't wear my trousers or anything with a band at the waist or place my underwear over my stomach because it worsens my pain. At night sometimes, the gastric juice in my stomach climbs up into my nostrils and even sometimes I get choked of it and will cough and cough for awhile till the cough subsides on its own, all these were accompanied by severe chest pains (it feels like my chest wall is been cracked open)

I have been through so much!

Sometimes I isolate myself because of this condition, anytime the pain comes it's associated with bad breath.

I have had sleepless nights and rejections upon rejections because of these. I have made so many trips to the dentist and nothing is noticed BUT hallelujah to our King of kings who reigns above all physicians, a competent surgeon and a great healer! I have received my healing in Jesus name.

During Morning Glory last Saturday, I received my healing when Reverend took me through intense deliverance, after which a lot changed. I feel lighter and less burdened. My memory has improved tremendously and my skills at work has improved. I use to struggle to even concentrate or pay attention for long. "Nyameye aye biooooo". I'm so much grateful to God and Archbishop for the opportunity created for us to be involved in this early Saturday morning prayer meetings.

I'm here to testify of the goodness of God and the fact that Jesus is still in the miracle working business! Hallelujah!

God has been good to my family; I have been praying with Papa and at Command your week for sometime now. Last week Papa said, "We will hear good news" And indeed, my son in UK who has been working with an agency never got a shift because his manager didn't like him for no reason. To God be the Glory he has gotten the shift he needed and I want to say thank you God for answering my prayers. Also, I'm grateful to God; after 20 years of waiting my son finally received a Visa to Canada. Faith and perseverance truly paid off. I'm thankful for this answered prayers.

Lastly, one of my tenants fell into our manhole but because of God's intervention she was delivered from the hands of death. She's doing well now by the Grace of God. It's a true blessing. So we thank God for Papa's life for teaching us how to pray.

May God bless Papa and his sons.

I joined Command Your Week on 26th February 2024. I use each week's command prayers for my entire week prayers. I use to struggle with finances but since I joined, money flows like river of waters, unless I don't ask "God please I need this money to do this or that" then boom, it comes within some hours or a few days. Thank you Papa for teaching me the essence of seed sowing and the necessity of prayer without ceasing. Thank you and God bless you

On 14th of June 2024, I applied for an online job, where you place orders for people then you get paid daily. It sounded easy and I thought I've at least secured a part time job. It turned out to be a scam and all my money was gone. I got perplexed and didn't know what to do. I paused for a moment and I said "God please help me cause I don't know what to do now".

I joined Command Your Week on Monday 17th June, 2024. I prayed my heart out and repeated the video on YouTube in the evening. I kept praying and believing God for a Miracle.

Today 20th of June 2024, I just received money into my Momo wallet Miraculously and I'm full of tears of joy.

Thank you Jesus thank you God.

Testimonies

I have been attending Command Your Week with Papa and Sons since it started. I also do not miss the Dominion Hour prayers, and I can say that these times of prayer have been of tremendous blessing to me.

I had a portion of land that I bought some years back and went ahead to prepare the land to build and visit the place from time to time. However, just when I moved to the site to begin with the building, we were received with stern opposition from another person who claimed that the land belonged to him.

We reported the matter to the original sellers, who assured that the person in question was in error. Yet every time we advance with the work, he comes with boys to stop the workers.

The other day, the workers reported that he had come to plant some items on the land and had issued threats. Honestly, some

workers went away and not return to work again because they were afraid for their lives.

But I remember some of the prophetic prayer points that Papa led us to pray. During that time, "The Lord is with us as a Mighty Terrible one. Therefore, our persecutors will stumble...." again, he shared another scripture, how Saul turned back from pursuing David because trouble had broken out in his own quarters, so we kept praying in these directions.

After some days, we heard that one of the front runners working with this contender for our land had been knocked down by a vehicle, and his leg and arm broken.

This is how the contention ceased. The Lord contented with those who contended against us. We haven't heard anything from them again. Work on the land is also progressing. Glory be to God !!

I started a new business this year and I employed someone to take charge of it for me as I didn't have the time to do that

After a few weeks when I went over the books, I noticed this person was stealing from me and a lot of the monies from sales had gotten missing.

I confronted her and she kept on lying until she eventually confessed. took her to the police station. Her folks were invited to the police station and agreed that they would pay for the money and ask for some time to do that

The time elapsed and I didn't hear positive news from them, as they came back saying they didn't have the money and were ready to go to court. I didn't want to go to court because I already have a case in court which was already draining me but I agreed and left the police station

It was a Thursday and I returned to join

dominion hour. I told God I didn't want to go to court and that He should make a way.

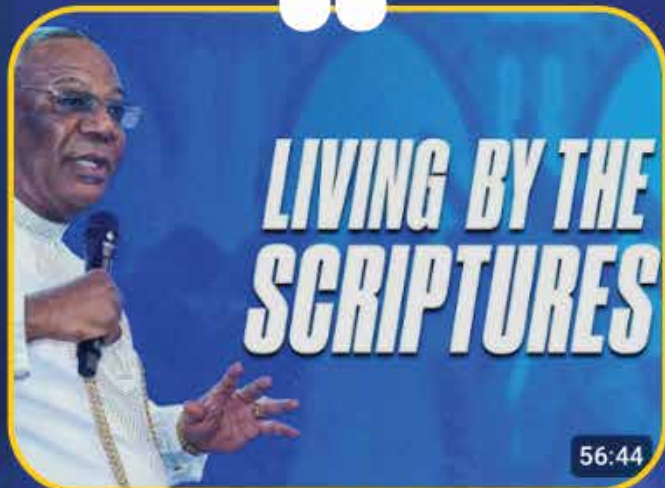

On Monday June 24, 2024 during command your week, Paapa declared that we will receive good news and I held on to this word praising God for what He was about to do Later in the day ,I received a call from an unknown number. The voice very much sounded like the voice of the lady I employed who stole from me. The person claimed she was her sister and that they have paid a part of the money to the police station. I knew it was her pretending to be someone else but I patiently waited for the police officer to call me.

People of God as I'm writing this half of the money has been paid and we didn't have to go to court.

I thank God for His mercies and I know the rest of the money will be released with speed. Thank you you Papa for always leading us to pray strategic prayers
